

Network test file · page 1 of 3

This is a harmless test file for checking that a PDF website does not upload your documents. It carries about 2 MB of random padding (an attached file called padding.bin), so an upload of this PDF would show up as a request of roughly 2 MB in your browser's Network panel.

Instructions: <https://pdfmagpie.com/verify-no-upload>

Free to use, copy and share for any purpose (CC0).

Network test file · page 2 of 3

This is a harmless test file for checking that a PDF website does not upload your documents. It carries about 2 MB of random padding (an attached file called padding.bin), so an upload of this PDF would show up as a request of roughly 2 MB in your browser's Network panel.
